ISP Newsletter

Emergency Contact List:

- It's important to make sure your Emergency Contact list is current and up to date. If you have updates or changes to make to your current list on file, call ISP to make those changes today.

E- Invoices

- If you would like to save a tree and receive your invoice through e-mail, send your e-mail address with next payment or contact:

Nadine McGill
925-277-9777 x102 or
nmcgill@ispalarm.com

Total Connect:

- Connect to your security panel to arm/disarm or view your video cameras using your smart phone. iPhone, Blackberry or Android compatible phones only.
- Check up on the kids, babysitters, elderly relatives, pets and employees. Keep an eye on your home or business from any remote location.

Visit our Website or Call Today. 925-277-9777

What's New?

Custom Alpha Prox Keypad

More Convenience with Fewer False Alarms
Arms away and disarms system with a swipe of the prox tag, reducing end-user created false alarms and eliminating the need to remember codes. The four-digit user code is already incorporated onto the tag, and no additional modules are required.

IP Cameras PTZ and Fixed

Wireless IP Camera easy to install and features a compact, portable design. Total Connect Remote Video Services allows you to view activity around the interior or exterior of your home or business on PCs or mobile devices over a highly secure internet connection.

Contact a sales representative today for a demo.
