Phone Module

Phone Surge

Low Voltage Power Supply

Designer Cover w Trim

The tecLAN400 panel provides 10 telephone connections with a 4 line capacity, 4 TV coax connections and 4 internal coax connections. The 400 series provides a passive coax cable distribution and includes a cable signal combiner with a built in high pass filter to eliminate interference on cable channels. This model includes a phone surge module and a 12-volt power supply. Upgrades available for more TV locations.

4 port tech plates will be trimmed in specified locations. Coax spares are run to the attic for future use. (Satellite, Cameras, etc.)
